

DEC. 12, 1879.

Local Intelligence.

SATURDAY.

Mrs. Ollie Bowers is up from her home in Skull Valley.

Byron Sherman of Mount Hope is in Prescott on business.

John Raible and Dan Hatz left for a visit to their mine, Big Dog district, this afternoon.

Judge Tucker is suffering from rheumatism, which hangs to him with great tenacity.

Rev. G. H. Adams will leave for Phoenix on Tuesday next, to see to the publication of his paper.

J. D. Cook, of Point of Rocks, is preparing to plant a large crop of barley on his numerous claims in Willow Creek Valley.

Plenty of fish and wild game were for sale on the streets to-day. They were brought in by a Mr. Johnson who resides on the Verde.

The infant journal at Phoenix, attempts wit. It reminds us of Flap-jack Johnson: "He got off a joke and soon died." Beware, young man.

Date Creek cow boys were in town to-day and report the recent storm as having flooded that section, causing much grass to spring up in the mountains.

Rev. A. M. Campbell writes to a Prescott friend that he will take up in Prescott early the coming spring. Mr. Campbell is a popular minister with our people.

Joseph Mangus, who runs the brewery, in connection with his brother Mike, at Alexander, is in town. He speaks well of the prospects in and around the Peck.

Judge Howard expects to go to Guaymas, Mexico, in some official capacity under appointment of the Government. Don't want to spare any of our "old Hassayampers."

Mr. Sam Hill, of Frederick & Hill, will probably be a candidate for the Village Council, and Mr. Haskell, of Wilson & Haskell, another candidate. Both good men.

The Messrs. Goldwater are gradually transferring their goods, etc., from their old place of business to their new store, which surpasses any store structure in this territory.

We present to our citizens to-day the name of T. J. Morgan, the present Village Treasurer for re-election. He is well known, and requires no eulogies from the press to secure support.

Jack Hinkle is in town from Lynx Creek, and informs his friends that the placer miners are still without a sufficient quantity of water wherewith to make gold gathering lively.

News comes by the drivers of the stages, that the Mexicans who robbed the mail near Gillett, are surrounded in the vicinity of McDowell by some 20 men. Hope this report may be true.

H. W. Brizzee and two daughters have been visiting friends in Prescott for a few days preparatory to their departure from Kirkland valley to take up residence in the Salt River valley.

Doc Bowen and Phil Richardson have been out to see their Cornucopia mine near Cherry creek. They brought in one worth \$5000 to the ton. The Cornucopia will turn out bullion some of these days.

Wm. O'Connell, who guarantees to cure all cancers, ulcers, etc., arrived in town to-day and will be glad to receive calls from those who desire his services. He does not take pay unless cures are actually performed.

C. Kahrens, while at work on the Catholic church to-day, fell from the top of the building, dislocating his right arm. Dr. McCandless waited on the injured gentleman, fixed up the dislocated limb so that it will be all right in a few days.

J. J. Lane is in from Sycamore creek. He informs us that his son is still at Bradshaw, working on his new find, which is rich and named the Three Sisters—probably named in honor of the three female members of the family.

Judge Silent and Clark Churchill returned last evening from Mohave County. District Court, at Mineral Park, was convened on Monday morning, and finished up the business on Wednesday afternoon. The return trip to Prescott, of these gentlemen, was made in 51 hours.

Orrick Jackson, a first-rate job printer, who has for the last few years filled the various positions of devil, jester and clown in the Prescott printing office, yesterday put his tooth brush in a "grip sack" and hied himself away to the ancient capital, Tucson.

Matt F. Larkin is in the field for Councilman, as will be seen by reference to his card under the heading of announcements. The office pays nothing therefore the young gentleman will not feel like spending \$15,000 to \$20,000 for carrying on the campaign. Read his announcement.

For Mayor.—J. L. Hall, a good citizen of our village, offers his name to the voters of Prescott for the Mayoralty at the coming election in January. Mr. Hall is well known to our citizens, is an industrious, straightforward man, and, we believe, do honor to the office if elected.

There seems to be some difference of opinion regarding Hon. C. C. Bean being eligible to hold the office of Mayor of the City of Prescott, inasmuch as he lives outside the limits. Mr. Bean is not anxious for the position, and only allowed his name to be used upon urgent solicitation of numerous friends.

The nomination of Judge French for the Supreme Bench of Arizona gave the friends of the Judge much satisfaction, but now that the Senate has confirmed the nomination, they have reason to feel better still. Judge French has rendered good service as Supreme Judge, and it is much better for the Territory to have him reappointed.

THE PARSONAGE.—By invitation from Rev. G. H. Adams, this morning we examined the new building now in course of construction on one of the lots belonging to the Marina street M. E. Church. The building is two stories high—contains on the lower floor, parlor, study, kitchen, etc. The upper portion of the building is nicely divided into sleeping apartments. The outside of the building is finished in the rustic style, while inside it is to be hard finished and when completed, which will not be long, it will be one of the finest residences in Prescott. The Rev. Mr. Adams has built this edifice by subscription in money, work, material, etc., and it is quite an ornament to Prescott.

Bishop Christmas, of Salt River valley, planted 70 acres this season in sugar cane, which grew up and done equally well with that raised in Louisiana or other States. He is manufacturing a very excellent quality of molasses, and in great quantities. He thinks he will be able to supply Prescott next season with golden syrup at 50 cents per gallon. Look out for taffy then.

Geo. H. Ryland, with his American Circus and Hippodrome, arrived in town last evening. He will commence arrangements to give an entertainment on Thursday next. The troupe has been reorganized since it appeared here, 16 months ago, and consists of us prepared to perform many new and curious things. Madam Elena Ryland is acknowledged to be one of the best female equestrian performers in the United States.

A gentleman at Maricopa by the name of A. J. Conde, is getting up an excursion from that place to San Francisco, leaving Maricopa on the 22nd inst, parties to remain in the Golden Gate City during the holidays, and return, leaving the city on January 2nd. Tickets for the round trip \$45. The excursion will certainly come off if a sufficient number of tickets can be sold to justify the managers in the expense and trouble attached.

MONDAY.

Pete Reed, an old citizen of Yavapai county, has been confined to his bed for several days with fever. May be soon recover.

Two large teams belonging to Greenup & Williams arrived in town this morning from Maricopa with goods for mercantile houses in Prescott.

H. N. Alexander, who swindles printers, has been appointed Deputy Collector of Internal Revenue at Yuma, in place of Geo. Tyng, a gentleman.

The hour of service at the Marina street M. E. Church has been changed in the evening, so as to commence at 7 o'clock instead of 7:30 as heretofore.

John Raible has received another invoice of murrhins from the ranch of the late Louis Weimer, Peeples valley. They are of good quality and will be sold cheap.

C. C. Bean respectfully withdraws from the field for the Mayoralty from the fact that he is satisfied that he is ineligible to the office as he resides outside the city limits.

The following passengers came in from the South this morning per Gilmer, Salisbury & Co's coach: P. C. Clarence, J. C. Perry, N. P. Choat, Lieut. Story and G. Gilson, messenger W. P. & Co.

Dan Keo, who is serving a ten years' sentence in the penitentiary, tried to escape from the keepers on the 4th inst. He was brought to a stand-still by a shot from Fredley's revolver, and is now taking life easy.

J. H. Lee has returned with his train from Mineral Park where it went with lumber for Captain W. H. Hardy. Mr. Lee speaks very highly of the mines of Mohave county and especially those around the Park.

Mr. C. C. Bean informs us that he would be pleased to have the City Fathers, or some one else who has the power, change the eastern limit of the city of Prescott, so as to include his property, as he would like to help defray the expense of running the machinery as he considers himself one of us.

By reference to the various announcements in the MINER, it will be observed that Fred. Brocht, one of Prescott's property owners, and a good citizen, has declared his intention of becoming one of our "City Dads." We have no hesitancy in saying that he will make a good officer for our city government.

BULLION.—The first two days' run of bullion from the Agua Fria smelter, of Silver Belt, was 3,800 lbs. The furnace is running, and the proprietors, Messrs. Thorne & Hutchison, expect to take out from eight to ten tons of bullion before stopping the furnace. The Belt is one of the best paying mines in Yavapai county, and with proper development, would make bushels of money for any one who would make the proper outlay for machinery, etc.

FROM THE VERDE.—Hon. W. S. Head, one of Arizona's foremost and very best citizens, in company with H. W. Hull, a merchant on the Verde, arrived in town on Saturday evening, coming by the way of Smithville. These gentlemen, who are old hands on the Pacific Coast, and well versed in the milling business, inform us that the Golden Era property is running nicely on good looking ore. They pronounce the mill as a compact one, well put up, but they are of the opinion, as is the amalgamator at the mill, that the screens are much too coarse, and that they are in consequence, not giving the ore a fair trial.

NO EPIZOOTIC.—The illustrious manager of the Phoenix Expositor has made inquiry and is satisfied that not a case of epizootic has taken place in or around Phoenix, and thinks the MINER mistaken. Perhaps we are, but our authority was Mr. James Stewart, agent for Gilmer, Salisbury & Co., who claimed that some of their horses were afflicted with a disease pronounced epizootic, and more, that the horses of Kerns & Griffith were sick with the same disease, and that one horse, a valuable one, had died from the effects. Mr. Stewart caused Stage Agent Meador to purchase a large quantity of medicines from a Prescott drug store, and sent it out to the different stations along the route to be given to the horses as an antidote or remedy for the epizootic. Perhaps the Expositor will investigate farther. One thing, Mr. O'Reilly, the MINER never makes any false statements. Remember that hereafter.

Homicide—Man Killed at Tip Top.

Deputy Sheriff Tom Waters, of Tip Top, arrived in town this morning per stage from Gillett, bringing in James Miles of this town for the killing of a Texan named Shannon at Tip Top yesterday afternoon. The particulars, as we gather them from Deputy Sheriff Waters are as follows: Shannon was a Texan, wore a broad brim hat, generally carried two revolvers and prided himself on being a deperado. For some time he had been in the employ of the road builders as cook. Yesterday being pay-day he visited Tip Top, partook rather freely of the flowing bowl, met Miles at the saloon of Johnny Bostwick, had trouble with him, and finally struck him in the face with his hand when Miles pulled a revolver and Shannon was shot through the breast killing him almost instantly. We are sorry that the unfortunate affair took place for various reasons, the most important being that it will cause the relatives of Miles much trouble and annoyance, they being numerous and of our very best citizens. We hear that this man Shannon when sober was a quiet, peaceable citizen, but when in liquor was boisterous and dangerous, claiming for himself the rather familiar and romantic cognomen of Texas—of a b—.

Death of David Fellows.

Another of the wounded men at the Tiger, David Fellows, a native of Illinois, died yesterday about eight miles from Prescott while enroute to this place under the care of Dr. Ainsworth. He was placed in the County Hospital and prepared for burial, which took place this afternoon.

We have received from Mr. A. S. Haskell, one of the largest property owners in the village of Prescott, his announcement for Councilman. Mr. H. is an old citizen, well qualified for the position and we are satisfied that the interests of property owners in this village will be carefully guarded if placed in his hands.

Jennings is in from his Hassayampa bonanzas, which are numerous and rich.
